

*Dear Pilots and other people who work on planes,*

*I want to start by saying thank you*

*For still working,*

*Despite how many sick people may be on the plane*

*You tend to people's needs and take care of them*

*You put your lives at risk*

*Just to get people home*

*To be reunited with their families*

*You are heroes*

*To people*

*Who without you*

*Would still be in an unfamiliar country*

*Away from home*

*Without the comfort of their whanau*

*But you bring them home*

*And most of all,*

*You are heroes to me*

*Thankyou.*

*Sincerely,*

*Evie Doull 11*
