

*Dear Dairy Farmers,*

*I think the appropriate way to start,*

*Would be,*

*Thank you.*

*If you were not here,*

*Supplying the shops*

*With milk*

*What could be in its place?*

*You have worked from dawn till dusk,*

*Leading and showing your cows*

*The right way to go*

*You may be tired*

*But you do it for the good of our country*

*For the good of Kiwi citizens*

*We need to stay strong and be kind,*

*Together we can get through this.*

*No only are you heros to the country,*

*Most of all,*

*You are my number one.*

*Yours sincerely,*

*Zoe De Wet.*
