## INTERNET USER AGREEMENT

The school's computer network, internet access facilities, computers and other school information and communications technology (ICT) equipment/devices bring great opportunities and benefits to the teaching and learning at our school. They are for educational purposes appropriate to the school environment.

For students from Years 1-4 Parents/Caregivers must sign this agreement on their behalf after reading through it with their child. For students from Years 5 – 13, **the student and their parents/caregivers** must read and sign this agreement.

Parents, please read through this agreement with your child to ensure they understand the following:

- **Technology for Learning**

I understand that technology can support my learning and will use technology to support my learning activities. I will not be wasteful of any technology or resources (e.g. printing) and will take care of the ICT technology.

- **Reliable Information**

I understand that it is easy to share information online and that not everything online is true. I will check to make sure any information is correct before using it in my school work.

- **Communication**

I will talk politely and with respect to people online and will make quality comments when commenting on another person's work. I understand that when talking online it is different to having a conversation in person and that sometimes it can be difficult to understand what someone else is saying. I know that I should try to understand what they mean before reacting and if I am not sure I can ask them or someone else to explain.

- **Honesty and Safety**

I will make sure that what I do is not against the law, including copyright law, and if I am unsure I will ask my teacher. I understand that there is Ministry of Education approved internet filtering and school internet filtering in place at the school to keep me safe. I will not do things to try and circumvent this filtering. I will keep my login details safe and only use my login (not another person's). If I am not sure about anything I will ask for help.

- **Respect**

I understand that some information is private and I will always respect my own and other people's privacy. I will be careful when using names, birthdays, addresses, photos or film.

- **Problem Solving**

I understand that technology will not always work as I expect it to, or that others may be unkind online. When this happens, I know that I can ask my teacher for help. If there is a problem with any of the technology I will notify a teacher immediately.

### Student Declaration

I understand that this agreement is to be followed when using any technology at school, school owned technology at home or while on a school activity, this may include the use of a device that the school does not own. I understand that if I breach this agreement, I may lose access to the school ICT services including the use of Internet, on school owned devices or any personally owned devices.

**Student Name:** \_\_\_\_\_ **Student Signature:** \_\_\_\_\_

### Parent Declaration

I have read the student declaration. I am happy that my child understands what this means and is capable of working within the guidelines. If I have any questions or concerns about the way in which technology is being used by my child at school, I am aware that I am welcome to discuss this with the school at any time.

## Why additional medical and learning information is required

It is important that we are aware of any special medical or learning needs of your child so we can provide or apply for the support your child needs to ensure their success.

*E.g. If your child had allergies, we would need this information and an action plan in the case of an allergic reaction*

### **Why am I required to disclose information if my child has been suspended, dismissed or expelled from a previous school(s)?**

We are a Christian school and we expect behaviour from our students that will honour God's name in our community and in our school. We also expect parents/caregivers to support their child alongside our staff to ensure they meet these expectations. By disclosing this information, we are best able to provide the support your child will need to meet all aspects of school life.

### **Internet Use Agreement and Digital Release Form**

Parents/Caregivers can apply in writing to the principal if they do not want their child's work, image or film published in school publications or if you want your child to have restricted/no access to information and communications technology/internet.

### **Current School Information Form:**

For all students other than new entrant Year 1 students, we require:

- 1) Copy of their recent School Report
- 2) The Current School Information form to be completed

*We need this information e.g. any special medical, learning and/or behaviour information so we can best meet your child's needs.*

### **Please note that: Pursuant to the Privacy Act 1993 the following is brought to your attention:**

- a) This application form collects personal information about you and your child
- b) The information is collected in relation to the educational services Kaikohe Christian School provides.
- c) This information may be passed to Government agencies in statistical form as required by the Education Act 1993, and other statutory requirements.
- d) You have rights of access to, and correction of, the information subject to the provision of the Privacy Act 1993.
